Have Drury coaches come to your gym at a time of your choosing for a satellite camp! Satellite camp is extremely economical compared to traditional team camps, and flexible scheduling ensures that you can have your whole team, maybe even your JV or middle school teams, in attendance. Schools must have at least 12 participants to host a satellite camp. For camps that coaches must drive further than 120 miles (round trip) an additional \$60 fee will be charged to cover travel expenses.

Summer calendars fill up fast, so call now to set up your camp dates and times!
